From 01 to 03 July 2011 we will celebrate a special football world championship with women from all over the world, who love playing football:
The 1st women bolt world championship of FSC Dynamo Windrad. An international off time football tournament for all women, who love bolting- whether trained or untrained - and for the curious who are enthusiastic about taking part. For all those who stand up for tolerance, inclusion, respect and fair play - not only in football- contexts. A foot ball party, that stands against any form of discrimination based on gender, skin colour, sexual orientation, race, religion, age or disability.

WOMEN'S TEAMS

All alternative women's recreational teams worldwide are cordially invited, whether existing or spontaneously formed, whether self-organized or even from clubs across the league- particularly. Also single women without their own team are welcome and can find a team on site.

We work with various project partners and institutions to make the participation of interested teams from different corners of the world possible, meaning to be able to give financial support for travel expenses, meals, etc

PROGRAM AROUND

Apart from the actual women's world championship, which will be held over two days as a small field tournament, you can expect a multifaceted cultural program, party and the games of the FIFA Women's World Cup 2011 on big screen. The Bolz-WM 11 is being started by a film series featuring women and football. The annual Bolzmasters will take place during the week before the World Cup starts, followed by the Kids- football- Cup, HandiCap and the Girls' football tournament.

HANDICUP - 30. June 2011

For the second time in its extensive alternative tournament history Dynamo Windrad organizes- as part of the international Women's Bolz-WM 11- a football tournament for people with disabilities:
The HandiCup 2011.

This again shall provide for also these- male and female- football players the opportunity to play a tournament- in big style and outside their institutions, residential homes or clubs in a sporting event, which is a bit different- a foot ball tournament which underlines mutual appreciation, fair play and tolerance.
