

At the heart of the 10 days are two Football tournaments that frame the athletic aspects of the Bolz World Cup. The yearly small field tournament, the Bolzmasters, will take place on the first weekend and the full field Bolz World Cup, played every four years, will take place on the second weekend. In addition, there is going to be the first ever HandiCup tournament for people with disabilities, the yearly Bambini Cup for small kids, the Olympic Games for children and teenagers, the second annual Women’s Bolzmasters, and the Football Fun Contest for teenagers.

Additional tournaments and sport offerings, along with a more detailed cultural program will be available soon.
